

LAFORGE

# FRONT HITCH FRONT POWER TAKE-OFF FOR JOHN DEERE TRACTORS

*5E - 5M Series*

GL ST3/5M  
GL ST3/5E

[www.fronthitch.com](http://www.fronthitch.com)

The unique experience from **LAFORGE** and a close collaboration with John Deere has allowed **LAFORGE** to create the **GreenLink® ST3/5M front hitch** and the **GreenLink® ST3/5E front hitch** to optimize tractor performance from John Deere 5M and 5E tractors.

**Front hitch GreenLink® ST3/5M**

**Standard Equipment :**

- Folding arms
- Cat 2 hooks
- Tow hook
- Top link with storage position
- Parallel hydraulic hook up with isolating valve

<i>Technical data</i>	<b>GL ST3/5M</b>	<b>GL ST3/5E-EN</b>
Categories	2 - 3N	2 - 3N
Lift capacity at ball end	3000 Kg - 6600 lbs	3000 Kg - 6600 lbs
Lift range	670 mm - 26.38"	670 mm - 26.38"

The **easy to install LAFORGE front PTO** is integrated in the front frame of the tractor and thus optimize the front hitch overhang from the front face of the tractor while **matching international standards**.

The front PTO with ISO rotation (clockwise from the front), with **electro-hydraulic** modulated multi-disc wet clutch, 540rpm / 6 splines, or 1000rpm / 21 splines, delivers similar power as the rear PTO.

Check maximum axle load and tire pressure (in relation with travel speed) with John Deere and tire manufacturer. LAFORGE's responsibility is limited to our product. Specifications and design subject to change without notice. 01/13

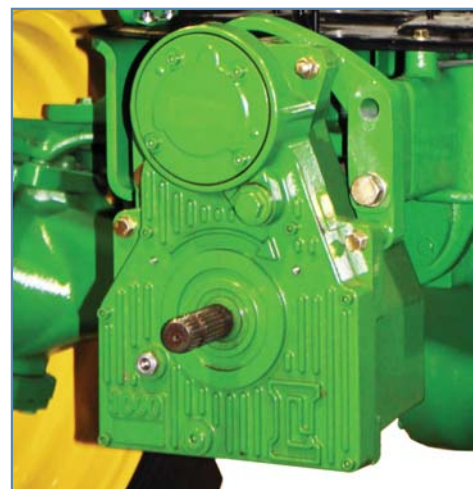

■ **LAFORGE** Front hitches

- **GreenLink® ST3/5M** is perfectly compatible with John Deere 5M T3 and IT4 tractors
- **GreenLink® ST3/5E-EN** is perfectly compatible with John Deere 5E and 5EN tractors

■ **Ground clearance and manoeuverability are fully retained.**
